IS WINTER COMING?

It's Wednesday, February 8th as I write this, and it's been a really weird month leading up to this day. The specter of heavy snowfall is causing some mild hysteria amongst the members of the team. Reports have snow falling sometime overnight into the morning, so we're burning a little extra oil tonight to keep the lights and computers on long enough to finish up this issue.

But, as I mentioned, it's been a weird few weeks. Something just feels... *different*, like there's trouble on the horizon and we can do nothing about it, just wait for it to happen to us and then try to keep it together somehow until it passes. This morning I stepped outside on my way to the office and was hit with a wave of warmth (unusual for this time of year)... it was already 60 degrees! I thought to myself, *"That's the hot air being pushed in by a cold front. Tomorrow is gonna suck... and there goes our warm spell."* Well, we'll see. With all things you have no control over, like lousy weather, you just have to brace yourself and hope for the best. I mean, it's literally *a force of nature*, and it's going to do whatever it feels like; cancel schools, close airports, make travel dangerous... there's just no bargaining with it at all! All we can do is wait and see how bad it is, grab our shovels, and dig out from under the mess that it dropped into our collective laps. The good news is that terrible situations — like bad weather — can't last forever.

But enough about the *weather*, let's talk about our theme of the month, *Women in Comics*! This month in **PREVIEWS** we're once again honoring those talented creators who write, draw, and work behind-the-scenes on all manner of comics, from self-published titles to webcomics to mainstream hits. We've collected a great selection of creator mini-interviews and bios for this issue, starting on page 256 and then carrying over to our FlipSide. And don't forget to check out **PREVIEWSworld.com** for the full interviews with all of these talented Women in Comics!

It's a great time to be reading comics, with a diverse and talented crop of female creators producing titles for every age and interest. Be sure to look throughout this issue for great new comics and graphic novels by a new set of important voices in our industry.

That's all for this month. See you next time!

Your Pal @ **PREVIEWS**,

Armed with sharp claws made of adamantium, the hardest metal in the world, and a healing factor that allows for superhuman recovery, X-Men hero Wolverine enters the Marvel Variant Series!

Painstaking attention to textural detail can be seen in this Wolverine's costume and burly physique, from the hard surfaces of the armor, to the organic feel of the skin, down to the bulging veins in his arms.

Shadows are painted in to highlight the molded features, while the paint, chipped here and there off his armor, hints at the many battles in his past. In addition to the interchangeable hands and head, a Japanese katana adds to the variety of poseable actions.

Diamond Comic Distributors at 35

In 2017, Diamond Comic Distributors celebrates its 35th anniversary. Founder and CEO Steve Geppi created the company in 1982. What began as his hobby with one warehouse and 17 retailers has grown into the world's largest distributor of English-language comics, graphic novels, and pop culture collectibles.

As a cornerstone of comics and pop culture, Diamond is a platform for publishing, marketing, and fulfillment services in global distribution. The company's goal is to provide wholesale customers the best products and prices, as well as personalized service. They strive to produce a solid commitment with publishers and vendors to market their brands, sell their products, and manage inventory in the growing market.

Marvel's Mysterious Cloak

With *Cloak and Dagger* headed to TV, now's the time to take a look at half of the duo, Tyrone Johnson. He first appeared alongside his partner in *Peter Parker: The Spectacular Spider-Man* #64 in March 1982.

A kid from Boston, Tyrone fled to New York after his stutter stopped him from preventing a friend's death. In NYC, he met Tandy Bowen and they became test subjects for a drug that gave them powers. Cloak's powers allow him to create a portal to the dimension of darkness and send people there. He can also teleport and render himself intangible. While Cloak and Dagger have most often been supporting characters, the new TV series might finally put them in the spotlight.

EDGE ESSENTIALS

Pick-up these books to learn more about their Indie Edge style.

- Rick & Morty: Lil' Poopy Superstar Vol. 1 TP (OCT161708)
- Kim Reaper #1 (FEB171811)
- "Our Super Adventure" Web Comic (www.oursuperadventure.com)

Please tell us a bit about yourself!

I'm a comic writer and artist living in the UK! I make an autobiographical comic about my relationship and four cats titled 'Our Super Adventure' which is kind of cutesy, and that's been going for around five years now! Outside of that I enjoy working on stories that are pretty fantastical and where somebody usually gets punched across a page...which is maybe less cutesy, although I think I could draw a pretty adorable fight scene.

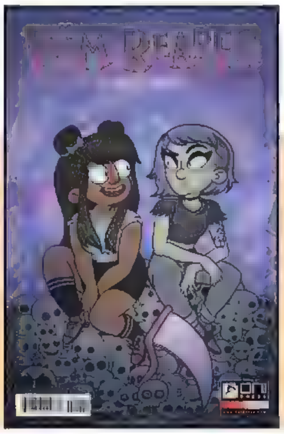
What are your favorite projects you've contributed to over the past decade?

Working on *Rick & Morty: Lil' Poopy Superstar* (*Vol. 1*—OCT161708) was a total blast! I'm a big fan of the show so working on the series felt really unreal and pretty awesome. The mini-series focused on the characters Summer and Mr. Poopybutthole, so googling one of those for reference pictures was a little scary at times, but getting to work with these characters was a really fun experience!

What are you currently working on?

KIM REAPER! All caps because I am so stoked about it. *Kim Reaper* is my new comic series that focuses on the story of a part time grim reaper (Kim!) and her classmate who has a total crush on her, but also has *no idea* she's a grim reaper (Becka!). It's a supernatural queer adventure and I am excited for everybody to read it!!

Rick and Morty
Lil' Poopy Superstar



Our Super Adventure

What fun titles are you reading?

I've been picking up the main *Rick and Morty* (*Vol. 1* - JUL151482) comic series — Kyle Starks writes hilarious, yet also sinister, storylines that hit all the right notes for me. *Jonesy* (*Vol. 1* - APR161376) and *Backstagers* (*Vol. 1* - See page 311.) are also on my comics pull-list — when my copies arrive I drop what I'm doing because I've gotta know what those guys are up to!

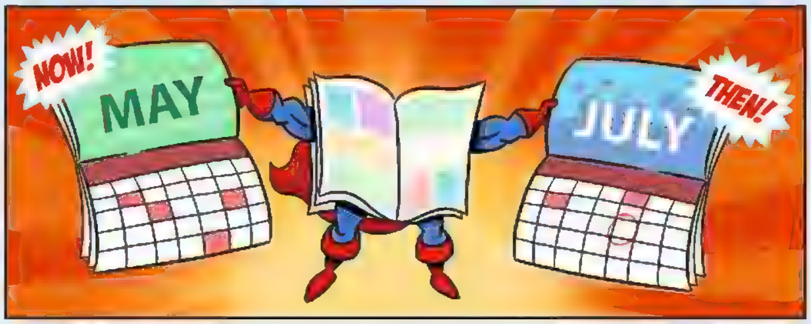
PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

What's Cool in this Month's Catalog!

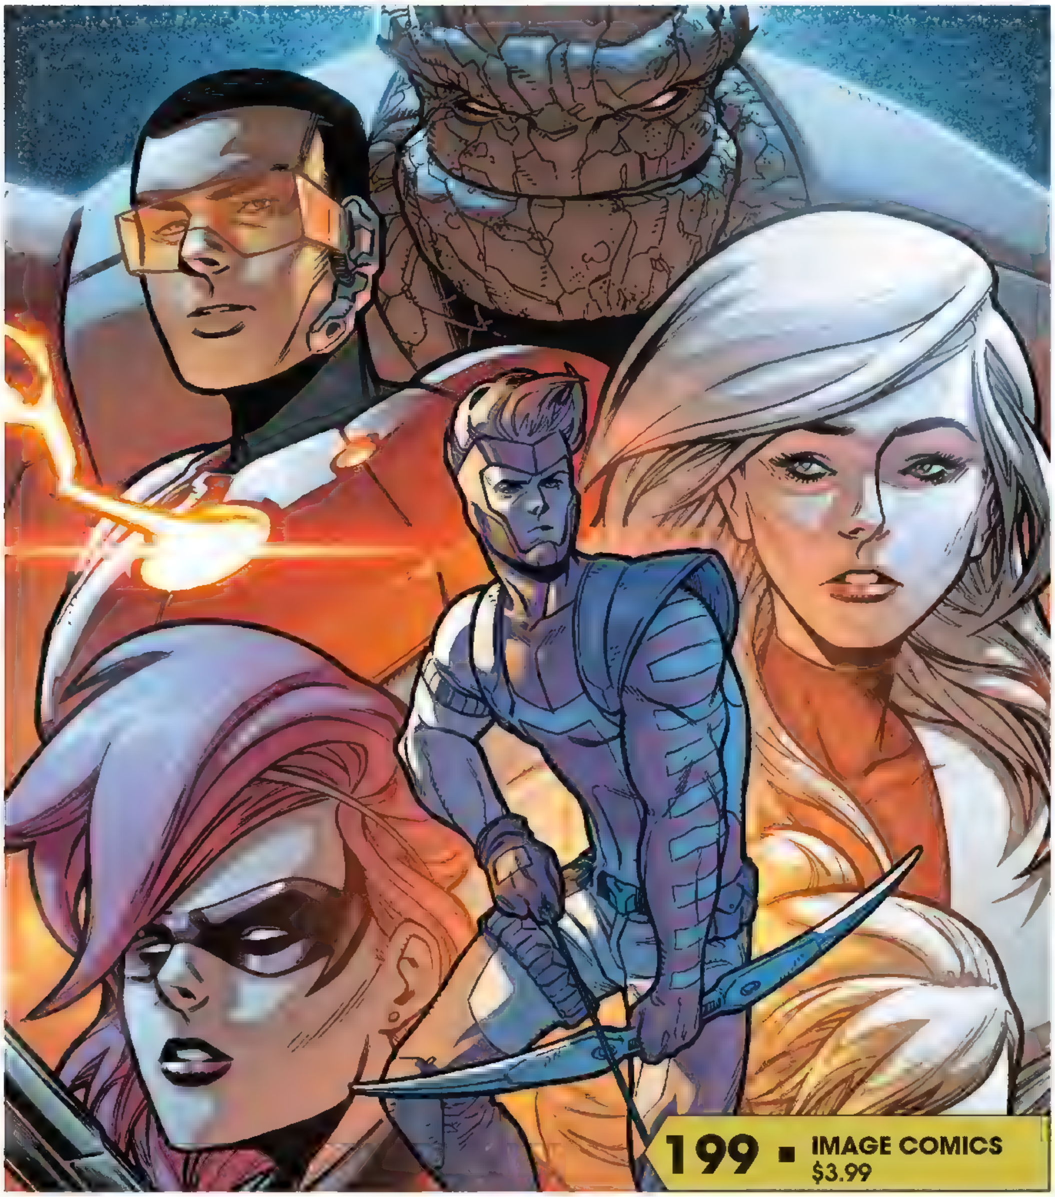
March 2017 | Edited By: **Allyn Gibson** | editor@*PREVIEWS*world.com

STEVE ROGERS' SECRET EMPIRE RISES THIS SPRING

Perhaps the world's most recognized hero, an inspiration to millions, Captain America has long harbored a secret – due to the manipulations of the Red Skull, Steve Rogers had his personal history rewritten and has been secretly working for Hydra as a deep cover agent! No longer content to work in secret, Rogers has been making plans that will bring Hydra out of the shadows and into the halls of power, and those plans come to a fruition in Marvel Comics' next event, *Secret Empire!* Captain America's pledge of loyalty to Hydra leaves Earth's Super Hero community feeling betrayed by a man they long trusted and idealized. But Earth's heroes have to set aside their feelings of betrayal as Hydra begins to assert itself and take the reins of power the world over, backed up by an invasion of Earth by the Chitauri to crush the last embers of resistance to Hydra's new world order! Earth has faced many threats over the years, from megalomaniacal Super Villains with world dominating plans to alien invasions, but never have the heroes faced such a plan masterminded by one of their own! The Marvel Universe's darkest hour has arrived as the Secret Empire arises!

Nick Spencer, the writer of *Captain America: Steve Rogers* and *Captain America: Sam Wilson*, brings years' worth of plotlines to a head as Steve Rogers' plan threatens to overturn the entire world! Joined by Captain America veteran artist Steve McNiven on the first issue, Marvel's Secret Empire will test the Avengers, Champions, Defenders, Guardians of the Galaxy, and more, in an unprecedented crucible and will forever change the Marvel Universe!

Betrayed by Captain America and facing a world dominated by Hydra and their alien allies, Earth's heroes face their greatest challenge in Marvel Comics' *Secret Empire* this May!



IMAGE'S ORIGINAL SUPER-TEAM — YOUNGBLOOD — RETURNS

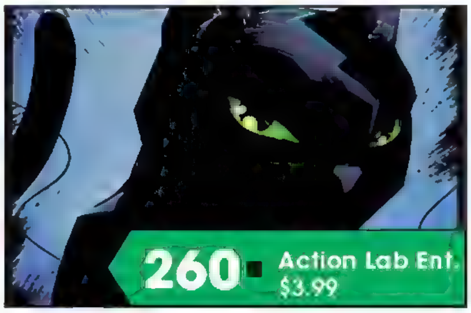
In late 1991 Rob Liefeld's *Youngblood* #1 hit the stands and revolutionized the comic book industry. A creator-owned super-hero book from one of the industry's hottest talents, Youngblood kicked off a new universe of super-hero adventure and was soon followed by Todd McFarlane's *Spawn*, Erik Larsen's *Savage Dragon*, Jim Valentino's *Shadowhawk*, Marc Silvestri's *CyberForce*, and Jim Lee's *WildC.A.T.S.* This spring, twenty-five years after the original, *Youngblood* returns with a new team and a new mission!

When a super-hero disappears, *Youngblood* is reconstituted with old stalwarts like Shaft and Badrock as well as a new generation of heroes — Suprema, Doc Rocket, Vogue, and Sentinel. Written by Chad Bowers, with art by newcomer Jim Towe and covers from Towe, Liefeld, David Finch, and Chris Daughtry, Image Comics' original super-team is reborn this May in *Youngblood* #1!

276 ■ American Mythology $3.99

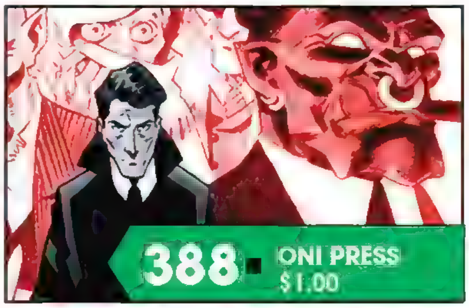
STARGATE CONTINUES IN AMERICAN MYTHOLOGY'S STARGATE UNIVERSE

SyFy's *Stargate* Universe continues this spring in a new mini-series from American Mythology! *Stargate Universe: Back to Destiny* takes readers back to the starship *Destiny* and its mission through the cosmos! Look for *Stargate Universe* this May!



STELLAR CITY'S MIDNIGHT STRIKES IN ACTION LAB ENTERTAINMENT'S SERIES

Action Lab Entertainment's Hero Cats in an all-ages delight about a city of super-heroic cats. Hero Cats: Midnight Over Stellar City focuses on Midnight, the dark feline, and his mission to save the city from a prison break!



DEMONS AND SPEAKEASIES COLLIDE IN ONI PRESS' THE DAMNED

Last year, Cullen Bunn and Brian Hurtt of *The Sixth Gun* introduced readers to the demons and immortals behind the scenes of Prohibition in Oni Press' *The Damned*. This May, the story continues in an ongoing series of guns, demons, and gang wars!

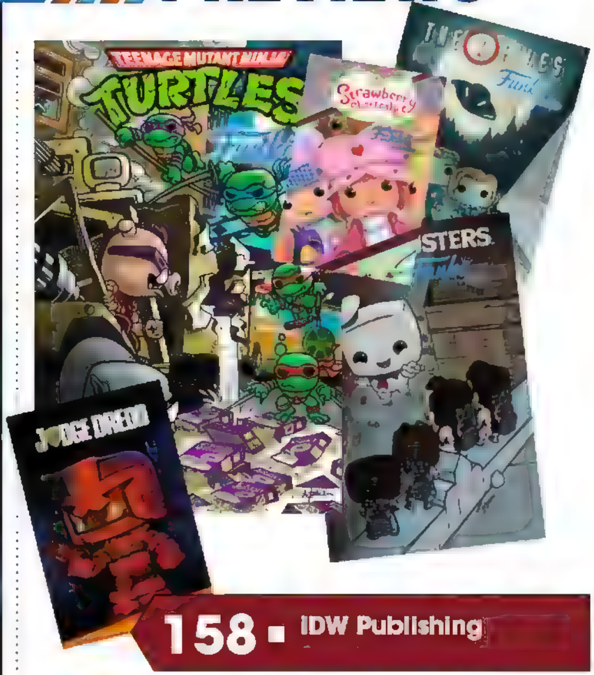
46 ■ Dark Horse Comics
$3.99

AN ORIGINAL *PREDATOR* CREATOR RETURNS IN DARK HORSE'S *PREDATOR: HUNTERS*

Following Dark Horse Comics' successful *Aliens* comics, the publisher turned their attention to another 20th-Century Fox property, *Predator*, in 1989 with *Predator: Concrete Jungle*, written by Mark Verheiden and drawn by Chris Warner, beginning a long association for Warner with the worlds of *Aliens* and *Predator*. This spring, Warner returns to the world of Predator as the writer for a brand-new mini-series, *Predator: Hunters!*

The Predators have long used Earth as a hunting ground. Humans make inventively creative prey, and the planet's many environments — jungles, deserts, mountain forests, frozen wastes, ocean expanses, cities — pose unique challenges and opportunities for the alien hunters. But a new hunt on Earth finds the Predators in a unique position — they have been lured into a trap, and they no longer have the upper hand. Who is the hunter, and who is the prey?

Joined by artist Francisco Ruiz Velasco, Chris Warner writes a challenging, action-packed new chapter in the *Predator* saga, *Predator: Hunters!* Look for the first issues of this new 5-part Dark Horse mini-series this May!



158 ■ IDW Publishing

IDW INVITES YOU TO ENTER THE FUNKO UNIVERSE

Funko's POP! vinyl figures, with their oversized and rounded heads with large circular eyes, have been beloved by collectors and fans of some of pop culture's greatest franchises since their debut over five years ago. This May, IDW brings the Funko POP! style to comics with their *Funko Universe* event!

Inspired by the Funko POP! style, with the characters illustrated using the stylized design of the figures, the *Funko Universe* one-shot specials feature the worlds of *Ghostbusters*, the *Teenage Mutant Ninja Turtles*, *The X-Files*, *Strawberry Shortcake*, and *Judge Dredd*.

Plus, other IDW titles this May will feature Funko variant covers, including *Back to the Future*, *Star Trek: Boldly Go*, *Orphan Black*, *Dirk Gently's Holistic Detective Agency*, *The Powerpuff Girls: The Time Tie*, *Donald Duck*, *Mickey Mouse*, and *Walt Disney's Comics and Stories*. See your retailer about adding these special variants to your collection!

Whether you're a fan of the characters or the Funko POP!s, IDW's Funko Universe is one event you won't want to miss this spring!

TITAN COMICS

ALL NEW COMIC SERIES BASED ON THE ICONIC *BANDAI NAMCO* FIGHTING GAME FRANCHISE!

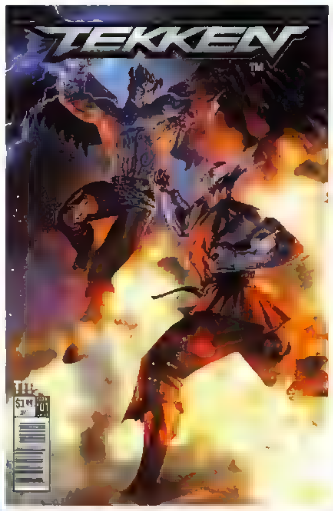
FEATURED ITEM

The King of the Iron Fist tournament awaits!

This May sees the launch of ***TEKKEN*** comics - new original comic adventures from Titan Comics, based in the world of the best-selling Bandai Namco fighting video game.

Teaming up to kick off this exciting new series is writer Cavan Scott (*Doctor Who, Vikings: Uprising*) and artist Andie Tong – which will feature memorable characters from the celebrated video game canon including Jin Kazama, Heihachi, Mishima, Yoshimitsu, Nina Williams and Paul Pheonix.

We talked to writer Cavan Scott about the new series...



CAVAN SCOTT - WRITER, *TEKKEN*

For those who don't know, what is *TEKKEN*?

TEKKEN is a video game series that first launched in 1994. Each game is centered around the King of the Iron Fist Tournament, an international fighting competition that serves as a backdrop to a family feud that has raged for generations. The Mishima dynasty is one of the most dysfunctional families in video game history; every son wants to kill his father, and every father wants to kill his son for very personal reasons.

What was your earliest memories of *TEKKEN*, and what did you feel when you were brought on to the project?

I've played *TEKKEN* from the beginning, so I was pleased as punch to be brought on board.
I don't think I've ever had this much fun plotting a comic, combining in all excitement and intrigue that fans expect from a *TEKKEN* story. Oh, and fights. Lots and lots of fights!

The new *TEKKEN* comic kicks off to tie-in with the release of the new game. What draws you to the unique characters in the roster?

Of course there's the joy of writing another bout in the ongoing feud between Heihachi, Kazuya and Jin, but there's also a huge cast of supporting characters to bring into the action, from the ice-cold Nina to the enigmatic Yoshimitsu.

We're trying to include as many fan-favourites as we can in this story. The difficulty as a fan of the games is wanting to include them all! We'll certainly be drawing on a lot of the relationships between the characters, playing with the friendships, alliances and rivalries we've seen develop over the years.

What about those who've never played *TEKKEN*? Will they be able to follow the story?

Absolutely! While there's a lot in the comic to keep fans happy, the mini-series also acts as a primer for newcomers to the *TEKKEN* saga. The history and backstory of the characters will be explored, so you can be ready for the launch of *TEKKEN 7*

What makes Andie Tong the perfect collaborator on *TEKKEN*?

Andie is a massive *TEKKEN* fan. I mean, huge! He knows these characters backwards and his art is so dynamic. The battles are going to blow you away, but he's also a master of quieter, more character-led moments too. With Andie, a backward glance or a shift of the eyes can be just as devastating as a kick to the head! Trust me, these pages are going to be incredible!

There he meets all kinds of strange creatures: a ghostly girl, a talking teddy bear and otherworldly weirdos that have literally jumped out of his worst nightmares. But these interdimensional oddballs are nothing compared to the evil General Electric, who is on the hunt for a reality-bending metal that could alter the fabric of life itself. To stay one step ahead of him and preserve the multiverse, Forager must travel through alternate dimensions to seek the metal and, hopefully, catch up with that cagey stuffed bear. If he does it, will he finally be able to distinguish himself as a New God?

Featuring scripts by Lee Allred (BATMAN '66), art by Michael Allred (*Silver Surfer*) and colors by Laura Allred (*Lady Killer*), BUG! is truly a family affair.

DARK NIGHT: A TRUE BATMAN STORY TP

Written by PAUL DINI • Art and cover by EDUARDO RISSO

The Caped Crusader has been an icon of justice and authority for generations. But in this surprising original graphic novel, now in trade paperback for the first time, we see Batman in a new light—as the savior who helps a discouraged man recover from a brutal attack that left him unable to face the world.

In the 1990s, Eisner Award-winning writer Paul Dini had a flourishing career writing the hugely popular *Batman: The Animated Series* and *Tiny Toon Adventures*. Walking home one evening, he was jumped and viciously beaten to within an inch of his life. His recovery process was arduous, hampered by the imagined antics of the villains he was writing for television, including The Joker, Harley Quinn and the Penguin. But Dini also always imagined the Batman at his side during his darkest moments.

DARK NIGHT: A TRUE BATMAN STORY is the harrowing and eloquent autobiographical tale of Dini's courageous struggle to overcome a desperate situation. It is a Batman story like none other and one that will truly resonate with fans, with art by Eduardo Risso (100 BULLETS).

SPAWN #1

25TH ANNIVERSARY DIRECTOR'S CUT

REGRESSION #1

Adrian is plagued by ghastly waking nightmares. To understand and possibly treat these awful visions, Adrian reluctantly agrees to past life regression hypnotherapy. As his consciousness is cast back through time, Adrian witnesses a scene of horrific debauchery and diabolism. Waking, he is more unsettled than before, and with good reason—something has followed him back. Adrian descends into a world of occult conspiracy, mystery, reincarnation, and insanity from which there is no escape.

Presented by **CULLEN BUNN** (**Harrow County**, **The Sixth Gun**, **The Empty Man**), **DANNY LUCKERT** (**Haunted**), and **MARIE ENGER** (**Pistolwhip**, **2 Sisters**), **REGRESSION** is a tale of supernatural terror and intrigue unlike any horror comic you've ever experienced.

MAYDAY TP

April 1971. The CIA is handed the espionage coup of the decade when a KGB general defects with a list of all Soviet intelligence assets in Asia. Including spies within the US Army in Vietnam. All Jack Hudson has to do is get the defector and his microfilm from Hong Kong to California...and keep Palm Springs' overzealous FBI office from turning everything into a freakshow.

All Codename: Felix has to do is kill the defector and get the microfilm back to the USSR, by any means possible. Easy, right? Now throw in a beautiful woman, a fast car, and a whole lot of drugs. The bloody new thriller from **ALEX DE CAMPI** (**NO MERCY**, **Grindhouse**, **Archie vs. Predator**), **TONY PARKER** (**This Damned Band**) and **BLOND**!

Tell us a little bit about yourself! What are you currently working on?

My name is JP Roth and just five short years ago, my team and I dove head first into the comic book kingdom, constantly developing and ultimately establishing our business and brand: Rothic. All my life, I've been fascinated and innately drawn to the complexity of mythology. As a result, my narratives weave together culture, symbols, romance, elements, nature, immortality, time, dreams, alternate realities and beautiful Goddesses, all of which are ingredients for a kick-ass comic book. So far on this journey, I've cultivated six separate Rothic realms for readers to immerse themselves in. The first of these creations is a captivating chronicle of a young woman who becomes warped into a preeminent moment in history in order to break a curse and ultimately escape her own death. This piece of work, titled *Ancient Dreams*, was not only Rothic's first comic book series but is also on its way to becoming my first official three-part novel! Each subsequent series preserves the same heart-wrenching storytelling and consistently astounding artwork: *Southern Nightgown*, *Theory of Magic*, *Rem 8*, *Kiss* and a new, highly-anticipated project in the works, *DiVinica*!

MONICA GALLAGHER
Writer, Artist

Tell us a little bit about yourself! What are you currently working on?

Lots of things! That's one of the great things about comics - there are so many avenues you can participate in via the creation of them as well as relationships with different editors, publishers, and fellow creators. Right now I'm writing a series for Charmz (illustrated by the great Kata Kane), continuing my weekly webcomic series Bonnie N. Collide, and working on a few as-yet-unannounced webcomic and print comic projects with a few different publishers.

In your opinion, how has the comic book industry evolved in terms of gender?

It's gotten more diverse and more tolerant of diversity, even just within the 15 years I've been doing comics, although it still has a ways to go. I used to go to conventions where people would view female creators as a curiosity and a novelty, not as a part of the industry - which luckily has started to change. We're still far from being equal (most conventions tend to still tend to have far more male guests than female), but slowly getting there.

KATA KANE
Comic Artist

Tell us a little bit about yourself! What are you currently working on?
I'm a comic book artist, illustrator and graphic designer living in Baltimore. I'm always working on my self-published shoujo manga series *Altar Girl* (*altar-girl.com*), but I'm stoked to currently be working as artist on two different original graphic novels for the Papercutz imprint, Charmz, out later this year. I'm collaborating on *GFFs: Ghost Friends Forever* with Monica Gallagher, and drawing *Ana and the Cosmic Race* with Amy Chu as writer.

In your opinion, how has the comic book industry evolved in terms of gender?
I believe that to some extent, we are getting closer to gender equality than we have ever been in most fields. We are now seeing more female-led characters in movies and comics as well as more female comic creators. It's great to allow this form of adversity to kick in the comic industry.

What challenges do you see surrounding women in comics and how could people of all genders go about addressing them?
It's the pre-assumed idea that people have of women creators. But that never bothered me since people will judge not just that, but your art style, background and age or looks. I'd like to have my comic independent of me for that reason, but that will make it harder for me to reach and express myself to my fans.

MARIA H. MCCOURT
Editor, Writer

Tell us a little bit about yourself! What are you currently working on?
So many things! Editing the Charmz line for Papercutz and writing *Stitched* for same. I'm also editing a new line of STEM (Science, Technology, Engineering, and Math) comics for a new publisher and a STELA digital comic called *Breaker* that will debut in Feb 2017. I also have at Patreon.com, *Monster Tea Time* where I'm creating art and writing of all kinds.

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?
I've been working in comics going on 16 years now! I started at Vertigo, went on to work at Virgin Comics, then IDW, and now I freelance for everyone from Papercutz to Dark Horse. I've worked on *Fables*, *Lucifer*, *The Last Unicorn*, *Angel*, *True Blood*, *Emily & the Strangers*, *Womanthology* and way too many titles to keep listing.

In your opinion, how has the comic book industry evolved in terms of gender?
There's still a lot of work to do but more and more books by female creators are being recognized, celebrated, and awarded these days than ever before. We've always been here, of course, but visibility matters a lot.

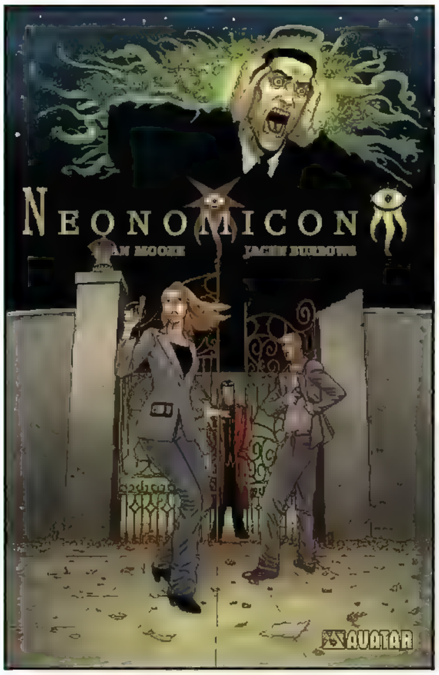
PROVIDENCE ACT 2 HARDCOVER

Retail Price: $21.99
Cover & Art: Jacen Burrows
Writer: Alan Moore
MR, Color, 176 pages

About: The second arc of *Providence* is unveiled in this special hardcover-only edition. Robert Black came looking for a story but what he found is a world of misery and woe. He's becoming a broken man, only beginning to accept the horrors of the Lovecraftian world are real and hiding in plain sight. Alan Moore's quintessential horror series has set the standard for a terrifying reinvention of the works of H.P. Lovecraft. It is being universally hailed as one of Moore's most realized works in which the master scribe has controlled every iota of the story, art, and presentation. The result has been a masterpiece like no other and a true must-have addition to his essential works in the field. We present a collected *Providence Act 2 Hardcover* edition that contains *Providence* issues #5-8, and all the back matter, in a deluxe one-time printing of this remarkable tome.



ALAN MOORE'S NEONOMICON TRADE PAPERBACK (NEW PRINTING)

C & A: Jacen Burrows • **W:** Alan Moore
Retail Price: $19.99 • MR, Color, 176pp, TPB

About: The path to Providence begins here! Collecting *The Courtyard* and *Neonomicon*, this epic tome has all of the stories that lead into *Providence*! Comic book legend Alan Moore and brilliant artist Jacen Burrows deliver a chilling tale of Lovecraftian horror! Brears and Lamper, two young and cocky FBI agents, investigate a fresh series of ritual murders somehow tied to the final undercover assignment of Aldo Sax—the once golden boy of the Bureau, now a convicted killer and inmate of a maximum security prison. From their interrogation of Sax (where he spoke exclusively in inhuman tongues) to a related drug raid on a seedy rock club rife with arcane symbols and otherworldly lyrics, they suspect that they are on the trail of something awful... but nothing can prepare them for the creeping insanity and unspeakable terrors they will face in the small harbor town of Innsmouth.

Camp promises to be a great time for 13 year-old Abby; she's planning to spend time with her friend Rose and she'll be bunking with Beth, a girl she met the summer before. But Rose is too busy to spend any time hanging out with Abby, and Beth has developed a persona that's almost too cool for Abby. Then Shasta — pretty and fun — arrives, but she also rubs Beth the wrong way. This is a classic summer camp story of the friendships and betrayals among girls that epitomizes what it's like to be female, nerdy, and adolescent in America. (STK617880)

MINDBENDER #1

Recommended by Trevor Richardson

It's a sunny day at the local fair. There are balloons and rides and popcorn. A seven-year-old boy walks hand in hand with his mother and father. It's just an ordinary day until an ancient, unknown power awakens inside the boy, leveling the fair in a catastrophic explosion.

Now a grown man, Alex has been hospitalized in a catatonic state since that day sixteen years prior. He is the subject of study, curiosity, and interest from those who might use his power for their own ends. But like the power that has slept dormant in the human race until the day that ruined Alex's life, Alex himself cannot be taken advantage of or properly analyzed until he awakens.

When Alex finally opens his eyes and speaks his first words in nearly two decades, the result is beyond a mere destructive force. We see into a mind that has silently communed with this mysterious power reaching to the outer edges of space and into the depths of human consciousness, expanding understanding and likely growing into madness.

From veteran writer, James Pruett, formerly of Caliber Comics and now manning the helm at Scout Comics, and artist Federico De Luca, *Mindbender* promises to live up to its name.

Blending elements of sci-fi and psychological thrillers into a tale that challenges expectation even as it defies our assumptions about the mental and physical costs of unlocking true superhuman abilities.

The irresistibly insipid harmonies of the pop quartet BØBÖ have conquered the Seven Seas, and the band is touring every major city under the waves... except Bikini Bottom. To catch the band live, their most spazziest fan, a young fry cook named SpongeBob, must hit the road with his boating instructor, Mrs. Puff. But can Puff — and BØBÖ themselves — survive traffic jams, food allergies, and...SpongeBob's driving? Find out in "Take a Boat to BØBÖ!" Also, in part 3 of "Lost Booty," Deckhand Dottie and Fanboy Beard break into Pirate Prison for the next chapter of the lost *SpongeBob* comic! Nicky Marshall was saved by rock and roll — or so he likes to think. An awkward upbringing and turmoil following his father's suicide led Nicky to form a band called Ecstasy with his childhood friend Drey. The music takes them to Los Angeles, raw and gritty and teeming with personalities. **Nicky thinks they're ready for stardom, *but no one's ever ready for stardom.***
This first of four oversized issues begins in the 1980s, grows out of grassroots clubs & introduces Ecstasy to the world — whether it's ready for them or not. From the brand new team of Holly Interlandi on scripts and Sally Cantirino on pencils & inks, this unique, heartbreaking story is about letting the music in... how it changes you and affects everyone around you, for better & worse.

A sci-fi thriller about a next-gen form of psychiatry: **'subliminal hitmen' injected into your mind who hunt down the demons that haunt you.** Ex-military sharpshooter Colin McClure is Mezign Corp's most recent recruit for the still-experimental (and often deadly) job of subliminal hitman. McClure is the perfect candidate for two reasons: a- he's a killing machine, and b- he lost his legs in the war, so subliminal-ops are his only way to see any action. But he's also a dangerous candidate for one reason unknown to Mezign: Colin's true motive is to enter the mind of his catatonic daughter and bring her out of a coma. Collects issues 1-5.

What if a fascist, autocratic President took over the United States? And what if that President lost California, the sixth largest economy on Earth, by nearly 2-to-1...a margin of almost 3½ million votes? What if the day after that President took power, the largest mass demonstration in history occurred, and the state with the largest turnout was California. And then, the following week, two of the largest international airports in the world, California's LAX and SFO, were blockaded by protesters? ***What if California refused to be ruled?*** From the creators of YOUNG TERRORISTS, Matteo Pizzolo (GODKILLER) and Amancay Nahuelpan (CLANDESTINO), comes this tale of resisting oppression, punching Nazis, protecting each other, kicking ass, and demanding liberty for all.

Honor Girl
A GRAPHIC MEMOIR BY MAGGIE THRASH

HONOR GIRL: A GRAPHIC MEMOIR
(W/A/CA) Maggie Thrash
All-girl camp. First love. First heartbreak. At once romantic and devastating, brutally honest and full of humor, this graphic-novel memoir is a debut of the rarest sort. Maggie Thrash has spent basically every summer of her 15-year-old life at Camp Bellflower for Girls, deep in the heart of Appalachia. A split-second of innocent physical contact pulls Maggie into a guttwisting love for an older, wiser, and most surprising of all (at least to Maggie), female counselor named Erin. But Camp Bellflower is an impossible place for a girl to fall in love with another girl, and when it seems as if Erin maybe feels the same way about Maggie, it's too much for both Maggie and Camp Bellflower to handle, let alone to understand. Peter Case was a boy on a quest. The quest to win the prizes from Atari's SwordQuest challenge! He was counting down the days to the release of the final game, AirWorld, only to be shattered when the news surfaced that it would never be released.

Now Peter is an adult...and things aren't going well. The bad news is he has to move back in with his mother. The good news is she still has all of his old Atari stuff. With nothing else to look forward to, his obsession with SwordQuest is reignited, in a more...ummm, interesting way...

Written by Chad Bowers and Chris Sims (X-Men '92, Down Set Fight) and art by Scott Kowalchuk (Batman '66, Down Set Fight). This is the SwordQuest comic we've been waiting for since 1983!

THE FIRST ATARI COMIC IN 30 YEARS IS NOSTALGIC AND META... INCORPORATING THE INFAMOUS SWORDQUEST REAL-WORLD CONTEST INTO THE STORYLINE!

SWORDQUEST INTERVIEW W/ THE WRITERS

You're launching the first* ATARI *comic book project from Dynamite, the first* ATARI *comics in thirty years. What are your thoughts on this landmark, and contributing to the legacy of* ATARI*?

CHAD BOWERS: It's exciting, for sure. We definitely had a 2600 growing up, and I can remember playing a few games like *Jaws* and *Tank Commander*, but I was really too young to catch ATARI fever, which is kind of a shame. For that reason, though, ATARI's always been much more of a pop culture touchstone for me than a video game system, and that's what probably influences our storytelling on *Swordquest* more than anything else – the overall ATARI aesthetic, and its impact on American popular culture as a whole.

CHRIS SIMS: Chad can confirm this, but when I was a teenager, I had this ATARI shirt that I would wear pretty much every day. I've been obsessed with that stuff forever, and getting to kick the door open for comics is a pretty amazing opportunity.

Fans love your recent work on the* X-Men '92 *comic book series. How did working on this Marvel project influence the way that you approached* Swordquest *in terms of its retro revival?

CHAD: Working on *X-Men '92* was a tremendous experience and I still can't believe we got to do half of what we did on that book! I loved every minute of it, and with *Swordquest*, yeah, there's the temptation to just fall face first into the same kind of retro-tinged comfort food, for sure, but I'd hesitate to say we're doing another retro book. You'll definitely see some stuff set in the 80s and maybe even the 90s, but beyond that, really the only thing we're reviving with *Swordquest* is the name.

CHRIS: I think the thing we learned on '92 that's really coming through here is how fun it is to take an existing property and go wild with it in ways that people might not expect. We always tried to push the envelope in that book in terms of the stakes we were creating, and with *Swordquest*, we're looking to do the same thing – just maybe not in the way that people expect.

There's a very meta context to this new series, incorporating the infamous real-world* Swordquest *contest into the story. What inspired this innovative take?

CHRIS: I mean, have you read the history of that stuff? Actual golden chalices and swords that gamers had to take a quest for? How could we not go right for that stuff?

CHAD: It's funny, but as we were brainstorming, Chris and I just kept coming across aspects of this game and the contest stuff that was even more bizarre than anything we were trying to come up with. Finally, when we found out the winner of *Fireworld* was from South Carolina and we were getting to work with our *Down Set Fight!* collaborator Scott Kowalchuk again, I think we knew it was meant to be!

Without giving too much away, what can you tell us about the heroes of* Swordquest*, Peter Case and the Perez siblings? Who are they, and what drives them?

CHRIS: Did you ever have those friends when you were a kid that you bonded over playing video games? They had the console but you had the magazines, and maybe you had another friend with the skills to actually play the game? That was Peter, Alvin, and Amy back in '83. In the years since, they've drifted apart, but when Peter... well, you'll have to read it to see.

Why should fans of the classic* ATARI *games pick up the comic? What's the appeal for newcomers that, perhaps, are unfamiliar with the* Swordquest *game?

CHRIS: One of the great things about those early video games is how much they relied on players to create their own stories. It was a limit of the technology, sure, but even if you were reading the original pack-in comics next to the video game, you had to create that bridge between them in your mind. That's the idea that we want to really explore here, getting into what it meant to put yourself into those blank-slate games, and how much it meant to get invested in them.

RED RISING: SONS OF ARES INTERVIEW W/ PIERCE BROWN

For the first time, the worlds of the Red Rising trilogy are coming to comics. What are your thoughts on debuting this never-before-told chapter of* Red Rising *exclusively in this format?

PIERCE BROWN: I couldn't be more excited. Ever since I read Jack Kirby's *Fantastic Four* comics by flashlight as a kid so my parents wouldn't know I was still up, I've wanted to write comics. Being able to do it with the world of *Red Rising* is just a treat.

It's also damn fun to explore the *Red Rising* world visually. It's a tale with vast themes and strange landscapes as humanity spreads out and terraforms the solar system. Space knights fall from the sky and vendettas are settled with honor duels and fleet invasions. The medium is perfect for the story. Hell, I refresh my inbox ten times a day just to see if the new panels are in. Additionally, it's fun to get to explore the nooks and crannies of a world that were just the periphery for Darrow's story in *Red Rising*.

Where do the events of* Sons of Ares *fit in the overall continuity of the novel series?

PIERCE BROWN: This story is set nearly twenty years before *Red Rising* and focuses on the foundation and early adventures of the terrorist cell that created a revolution, the Sons of Ares. At its heart, it's a story about the founder of the Sons as he changes from a man complicit in the subjugation of humanity by his caste, the Golds, into a rebel leader.

Fitchner, the founder of the Sons of Ares, takes center stage in this new series. What do you find most intriguing about this character?

PIERCE BROWN: He's a man at war with himself. He was raised to accept the superiority of his caste. Love makes him challenge those beliefs, and he wonders what sort of world he will bring his son into. But he's not a hero. Not handsome or classically noble. He's the guy in the bar who breaks bottles because he likes the sound of it, but he also dislikes that side of himself. He's extremely violent, extremely insecure, and wishes he weren't because he's afraid of being the monster everyone always accuses him of being.

From what we've seen of the debut issue, it's loaded with gloriously brutal fight scenes. What are your thoughts on the combat/conflict of* Red Rising *coming to life in comic book panels?

PIERCE BROWN: *Red Rising* is a story where the protagonists do some truly horrible things. They torture, maim, kill, and rarely in an antiseptic manner. Seeing the good guys actually commit these acts of violence forces the reader to see the moral complexity of that violence. But it also allows us on the creative side to show the awful splendor of bioengineered killing machines in mechanized armor going to town on each other. It's damn cool. And it's terrifying to see characters you care about in the hellish frenzy of a futuristic warfare.

Without giving too much away, what will hardcore* Red Rising *fans love about the* Sons of Ares *series?

PIERCE BROWN: There are Easter eggs everywhere. It'll also flesh out the backstory of the world and the characters in *Red Rising* and shed light on a few mysteries and the origins of some of the series' more notable characters.

Would you consider* Sons of Ares *to be a good jumping-on point for fans that might not have read* Red Rising *before?

PIERCE BROWN: I created this *Sons of Ares* so that veteran readers would be able to see the world they read about in the novels from a different perspective, and so new readers would be able to enjoy the story without feeling like they've missed a beat by not yet reading the novel. The story stands alone. But if you like the look of it, it's just the tip of the iceberg, boyo!

An original story set within the fourth season continuity of the hit television series Grimm! What do Juliette, Adalind, Truble, and Rosalee have in common? They're the women in the life of Portland's own Grimm, Nick Burkhardt, and they're about to cross paths in a way they'd never expect! Juliette's struggles to come to terms with becoming a Hexenbiest draw her into conflict with a new Wessen threat, and she finds she has nowhere to turn except her most hated enemy, Adalind (that's right, the woman who impersonated Juliette and slept with Nick)! Written by Caitlin Kittredge, the author behind the novels Nocturne City and Iron Codex, as well as Vertigo's Coffin Hill comic series, and featuring artwork by rising newcomer Maria Sanapo!

"I love the fact that this particular story is an all-girl affair given that the women of 'Grimm' have all been very strong in their own right, but never really explored."

Jenny becomes obsessed with a strange "mirror Facebook," which presents an alternate, possibly better, version of herself. Helen finds her clothes growing baggy, her shoes looser, and as she shrinks away to nothingness, the world around her recedes as well. The animals of the city briefly open their minds to us, and we see the world as they do. A mysterious music file surfaces on the internet and forms the basis of a utopian society — or is it a cult? *Boundless* is at once fantastical and realist, playfully hinting at possible transcendence: from one's culture, one's relationship, oneself. This collection of short stories is a showcase for the masterful blend of emotion and humour of award-winning cartoonist Jillian Tamaki. (STL042462)

THE GOLEM'S MIGHTY SWING GN

(W/A/CA) James Sturm

Reuniting America's greatest pastime with its hidden history, the graphic novel tells the story of the Stars of David, a barnstorming Jewish baseball team of the depression era. Led by its manager and third baseman, the nomadic team travels from small town to small town providing the thrill of the sport while playing up their religious exoticism as a curio for people to gawk at, heckle, and taunt. When the team's fortunes fall, the players are presented a plan to get people in the stands. But by placing their fortunes in the hands of a promoter, the Stars of David find themselves fanning the flames of ethnic tensions. Baseball, small towns, racial tensions, and the desperate grasp for the American Dream: *The Golem's Mighty Swing* is a classic American novel. (STL042460)

ONE! HUNDRED! DEMONS! GN

(W/A/CA) Lynda Barry

Inspired by a 16th-century Zen monk's painting of a hundred demons chasing each other across a long scroll, acclaimed cartoonist Lynda Barry confronts various demons from her life in seventeen full-color vignettes. In Barry's hand, demons are the life moments that haunt you, form you and stay with you: your worst boyfriend; kickball games on a warm summer night; watching your baby brother dance; the smell of various houses in the neighborhood you grew up in; or the day you realize your childhood is long behind you and you are officially a teenager. As readers get to know Barry's demons, they realize that the actual truth no longer matters because the universality of Barry's comics, true or untrue, reigns supreme. (STL042458)

UNCOMFORTABLY HAPPILY GN

(W/A/CA) Yeon-Sik Hong

With gorgeously detailed yet minimal art, cartoonist Yeon-Sik Hong explores his move with his wife to a small house atop a rural mountain, replacing the high-rent hubbub of Seoul with the quiet murmur of the country. With their dog, cats, and chickens by their side, the simple life and isolation they so desperately craved proves to present new anxieties. Hong paints a beautiful portrait of the Korean countryside, changing seasons, and the universal relationships humans have with each other as well as nature, both of which are sometimes frustrating but always rewarding. *Uncomfortably Happily* is translated by American cartoonist Hellen Jo from the acclaimed *Manhwa Today* award-winning Korean edition. HOSTAGE HC

(W/A/CA) Guy Delisle

In the middle of the night in 1997, Doctors Without Borders administrator Christophe André was kidnapped by armed men and taken away to an unknown destination in the Caucasus region. For three months, André was kept handcuffed in solitary confinement, with little to survive on and almost no contact with the outside world. Award-winning cartoonist Guy Delisle recounts André's harrowing experience in *Hostage*, a book that attests to the power of one man's determination in the face of a hopeless situation. Delisle tells the story through the perspective of the titular captive, who strives to keep his mind alert as desperation starts to set in. Delisle conveys the psychological effects of solitary confinement, compelling us to ask ourselves some difficult questions regarding the repercussions of negotiating with kidnappers and what it really means to be free. BURMA CHRONICLES GN

(W/A/CA) Guy Delisle

Burma is a country notorious for its use of concealment and isolation as social control, where scissors-wielding censors monitor the papers, the de facto leader of the opposition has been under decade-long house arrest, insurgent-controlled regions are effectively cut off from the world, and rumor is the most reliable source of current information. Guy Delisle turns his gaze to the everyday for a sense of the big picture. *Burma Chronicles* is drawn with a minimal line, and interspersed with wordless vignettes and moments of Delisle's distinctive slapstick humor. THE FREDDIE STORIES

THE FREDDIE STORIES HC

(W/A/CA) Lynda Barry

The Freddie Stories traces a year in the life of Freddie, the youngest member of a troubled, often dysfunctional family. Collected from Lynda Barry's beloved *Ernie Pook's Comeek*, these four-panel entries, each representing an episode in the life of Freddie, bring to life adolescence, pimples and all. No matter what happens, it all seems to go wrong for Freddie. With consummate skill, Barry writes about the cruelty of children at this most vulnerable age when the friends they make and the paths they choose can forever change their lives. (STK518744)

JERUSALEM: CHRONICLES FROM THE HOLY CITY TP

(W/A/CA) Guy Delisle

Guy Delisle expertly lays the groundwork for a cultural road map of the Holy City, utilizing the classic stranger in a strange land point of view that made his other books required reading for understanding what daily life is like in cities few are able to travel to. *Jerusalem* explores the complexities of a city that represents so much to so many, eloquently examining the impact of conflict on the lives of people on both sides of the wall while drolly recounting the quotidian: checkpoints, traffic jams, and holidays. A sixteen-page appendix to the paperback edition lets the reader behind the curtain, revealing intimate process sketches from Delisle's time in the city. (STK665208) (C: 0-0-1)

THE GREATEST OF MARLYS! HC

(W/A/CA) Lynda Barry

Eight-year-old Marlys Mullen is Lynda Barry's most famous character from her long-running and landmark comic strip *Ernie Pook's Comeek*, and for good reason! Given her very own collection of strips, Marlys shines in all her freckled and pig-tailed groovy glory. The trailer park where she and her family live is the grand stage for her dramas big and small. Joining Marlys are her teenaged sister Maybonne, her younger brother Freddie, their mother, and an offbeat array of family members, neighbors, and classmates. (STL012230) (C: 0-0-1)

A JOURNEY IN NORTH KOREA

PYONGYANG: A JOURNEY IN NORTH KOREA TP

(W/A/CA) Guy Delisle

Famously referred to as one of the "Axis of Evil" countries, North Korea remains one of the most secretive and mysterious nations in the world today, even after the death of Kim Jong-il. In early 2001 cartoonist Guy Delisle became one of the few Westerners to be allowed access to the fortress-like country. While living in the nation's capital for two months on a work visa for a French film animation company, Delisle observed what he was allowed to see of the culture and lives of the few North Koreans he encountered; his findings form the basis of this remarkable graphic novel. SHENZHEN: A TRAVELOGUE FROM CHINA SC

(W/A/CA) Guy Delisle

Shenzhen is entertainingly compact with Guy Delisle's observations of life in urban southern China, sealed off from the rest of the country by electric fences and armed guards. With a dry wit and a clean line, Delisle makes the most of his time spent in Asia overseeing outsourced production for a French animation company. He brings to life the quick pace of Shenzhen's crowded streets. Delisle skillfully notes the differences between Western and Eastern cultures, while also conveying his compassion for the simple freedoms that escape his colleagues in the Communist state. SUPERMUTANT MAGIC ACADEMY GN

(W/A/CA) Jillian Tamaki

Jillian Tamaki is best known for co-creating the award-winning young adult graphic novels *Skim* and *This One Summer*, moody and atmospheric bestsellers. *SuperMutant Magic Academy*, which Jillian has been serializing online for the past four years, deftly plays superhero and high school Hollywood tropes against what adolescence is really like: the SuperMutant Magic Academy is a prep-school for mutants and witches but their paranormal abilities take a back seat to everyday teen concerns. Olivares's art moves from style to style as *The Ladies-in-Waiting* uses fiction to explore the ties between artists and patrons, institutions and audiences and creators and creativity. Their combined efforts have made the book a commercial and critical sensation in Spain, garnering international comics prizes along with the equivalent of the National Book Award in Spain.

IN THE PINES: 5 MURDER BALLADS

by Erik Kriek
$24.99 / HC / 136 pgs / FC / 8 x 11

The murder ballad has been a cornerstone of the American folk repertoire for decades, telling the raw stories, sometimes even true, of unrequited love, betrayal, jealousy, and, as advertised, death. Dutch cartoonist Erik Kriek was inspired by five old and new murder ballads and used them as a jumping-off point for five special and ruthless graphic narratives that dig deep into the darkness of Americana.

The Meiji era (1868-1912) was one of Japanese history's defining periods, a time of massive change from the more traditional Tokugawa era to a positioning of Japan in the modern world. Contemporary writer, Soseki Natsume, suffered due to all the social and cultural changes, and expressed his feelings through his character *Botchan*. Sekigawa explores the period through an adult point-of-view, and Taniguchi's art portrays the material with exquisite and elegant detail. Presented in traditional Japanese format reading. (STK272511)

Bestselling author Shannon Hale and LeUyen Pham's middle grade graphic novel about the happiness and heartache of making first friends. Following little Shannon's life from kindergarten through fifth grade, *Real Friends* captures the emotional roller coaster ride of friendship, from navigating the tricky waters of cliques and bullies to her never-ending struggle to stay in "The Group." Shannon's honest and heartfelt story reminds us of how hard it was to learn what real friends are-and why finding them is worth the journey. (STL041354) (C: 1-1-0)

Jack Kirby's comic strip masterpiece is presented in an archival version featuring the complete dailies from *Sky Masters of the Space Force. Sky Masters* was created at the beginning of the space race — when who would get into space and to the moon first — was a national obsession. The strip takes place in the not-too-distant future where the United States sends men into space but hasn't ventured much further yet. Veteran scripters Dick and Dave Wood provided these late-1950s space/action adventure stories. Kirby's artwork resembles his contemporaneous work on *Challengers of the Unknown* and was embellished by Wallace Wood and Dick Ayers. The material used in this archival edition ranges from original art, to press proofs, to tear sheets, and boasts the best reproduction of the strip ever, essays, and documentary material. HARD CORE LOGO: PORTRAIT OF A THOUSAND PUNKS TP

(W/A/CA) Nick Craine

Joe Dick, Billy Tallent, John Oxenburger, and Pipefitter are Hard Core Logo, Vancouver's legendary but now defunct punk band. Joe Dick coaxes his former bandmates to reunite for a benefit concert for their ageing punk mentor, Bucky Haight, who has been shot. But the concert's not enough for Joe; he wants the band to hit the road again. For the Hard Cores this means they come to realize that they can neither relive nor alter the past. Featuring a new introduction by Lynn Crosbie and a tear-out guitar chord book, *Hard Core Logo: Portrait of a Thousand Punks* weaves together a patchwork narrative of found art, dialogue, songs, and incidental bystanders. RISE OF THE DUNGEON MASTER: GARY GYGAX AND THE CREATION OF D&D SC

(W) David Kushner
(A/CA) Koren Shadmi

Rise of the Dungeon Master tells, in graphic form, the story of Gary Gygax, co-creator of *Dungeons & Dragons*, one of the most influential games ever made. Like the game itself, the narrative casts the reader into the adventure from a first person point of view, taking on the roles of the different characters in the story. Gygax, an imaginative misfit, escaped into a virtual world based on science fiction novels, military history and strategic games like chess. In the mid-1970s, he co-created the wildly popular *Dungeons & Dragons* game, determining the rules and inventing the signature 20-sided dice. Starting out in the basement of his home, he was soon struggling to keep up with the demand. Before long, *D&D* conventions were set up around the country and the game inspired everything from movies to the first video games. With *D&D*, Gygax created the kind of role playing fantasy that would fuel the multibillion dollar video game industry, and become a foundation of contemporary geek culture. (STL040577) (C: 0-1-0)

BILLIE HOLIDAY HC

(W/A/CA) Jose Munoz, Carlos Sampayo

Certified Cool

Born in Baltimore in 1915, and dead too early in New York in 1959, Billie Holiday became a legendary jazz singer, even mythical. With her voice even now managing to touch so many people, we follow a reporter on the trail of the artist on behalf of a New York daily. Beyond the public scandals that marred the life of the star (alcohol, drugs, violence...), he seeks to restore the truth, revisiting the memory of Billie. Through this investigation, Muñoz and Sampayo trace, through the undertones of racism, and in the wake of the blues, the slow drift of a singer who expressed the deepest emotions in jazz, creating not just a biography but a spell-binding art book tribute. This graphic novel tells the true story of Benjy Melendez, a Bronx legend, son of Puerto-Rican immigrants, who founded, at the end of the 1960s, the notorious Ghetto Brothers gang. From the ravages of his neighborhood, wracked by drugs, poverty, and violence, he managed to extract an incredibly positive energy from this riot ridden era: his multiracial gang promoted peace rather than violence. After initiating a gang truce, the Ghetto Brothers held weekly concerts on the streets or in abandoned buildings, which fostered the emergence of hip-hop. Melendez also began to reclaim his Jewish roots after learning about his family's dramatic crypto-Jewish background. (STK667661)

(W/A/CA) Annie Goetzinger, Rodolphe

During the 1930s, Maud, an artist, discovers gradually that a woman from the beyond is attempting to communicate with her. The revelation is beyond belief: it is the ghost of Marie Antoinette appearing to her to share a terrible secret that has tormented her for centuries. After being guillotined, the Queen is said to have been thrown into a common grave but then exhumed and buried with her husband, Louis XVI, in the Saint-Denis basilica. Yet the ghost tells Maud that her remains are still in the pit, on which a chapel stands today. The queen asks Maud to move her body to the right place so she can finally find peace and no longer haunt people. (STL009762) (C: 0-0-1)

FATHER AND SON HC

(W/A/CA) E.O. Plauen

Father and Son is one of the most beloved comic strips ever drawn, an uproarious, timeless ode to the pleasures, pitfalls, and endless absurdity of family life. Created in Germany in 1934 by the political cartoonist Erich Ohser, the gruff, loving, mustachioed father and his sweet but troublemaking son embark on adventures both everyday and extraordinary: family photo shoots and summer vacations, shipwrecks and battles with gangsters, a Christmas feast with forest animals, and a trip to the zoo. Drawn almost entirely without dialogue, the *Father and Son* strips overflow with slapstick, fantasy, and anarchic visual puns. (STL041657) (C: 1-1-0) **NOTE:** Not available in England & Ireland

In a Prohibition-era world where demonic princes pull the strings that make crime families dance, Eddie is a mortal with two things working for him.

First of all, he can't die. Well, he can and does, quite often, but he doesn't stay down for long. Second, Eddie runs the Gehenna Room, a nightclub with a strict "no demons allowed" policy. But blessings and curses don't look all that different these days, and failing to tell the two apart can get a guy killed–over and over again in Eddie's case.

So when one of Eddie's old pals shows up seeking sanctuary, Eddie knows he's in for a double-cross, and that means walking the line between salvation and damnation once more.

GENGOROH TAGAME

MY BROTHER'S HUSBAND VOLUME 1 GN
(W/A/CA) Gengoroh Tagame
From one of Japan's most notable graphic novelists: a heartbreaking and redemptive tale of mourning and acceptance. Yaichi is a work-at-home suburban dad in contemporary Tokyo, married to wife Natsuki, father to young daughter Kana. Their lives are suddenly upended with the arrival at their doorstep of a hulking, affable Canadian named Mike Flanagan, who declares himself the widower of Yaichi's estranged gay twin, Ryoji. Mike is on a quest to explore Ryoji's past, and the family reluctantly but dutifully takes him in. What follows is an unprecedented journey into the largely still-closeted Japanese gay culture: how it's been affected by the West, and how the next generation has the chance to change the preconceptions of and prejudices against it. As he waits, swept up in the frenzy of creative ambition that has overcome the city, his past life becomes increasingly remote. Dazzled by Herman's ability to adapt to any role, MIO deems the rest of the cast redundant. When the cult director's new film premieres, with Herman performing every role, it doesn't get the reaction she expects. STARGATE UNIVERSE: BACK TO DESTINY #1

Recommended by [illegible]

Stargate Universe had one of those abrupt, cliff-hanging, hair pulling, "how can you do this to me?" sort of series finales that leaves you hollow inside for a few days fighting the urge to eat your feelings while binge-watching some other show with "star" in the title. But no more, friends and neighbors, relief is in sight!

For the first time in comic form, the reluctant crew of Destiny will finish the television adventure that left millions of fans clamoring for more. With the ship preparing to cross a vast stretch of space and the crew bedding down in suspended animation for the long journey, Eli Wallace, the self-proclaimed "Math Boy" is left awake, trying to repair a damaged stasis pod. His misfortune leaves the fate of the ship and its crew in his hands as he faces off against a new threat even as they try to leave old ones behind them.

The exciting conclusion of the fan favorite sci-fi series that left us too early kicks off in *Stargate Universe: Back to Destiny* #1 with many more new adventures to come.

CREEPSHOW GN

Recommended by Jim Fallone

Creepshow is an important and deceptively innovative graphic novel that holds a special place in my heart having grown up in suburban Maryland. Published in 1982, the same year Diamond Comics was founded in Baltimore, and illustrated by Baltimore native Bernie Wrightson (then spelled Berni), Creepshow was meta before meta was even a phrase. It is at once a real comic book and a fictitious comic within a movie plot. It is both a purely promotional movie tie-in to George Romero's film and an authentic homage to the horror genre and EC Comics.

You need only watch the film's open credits to compare with Bernie's work on the graphic novel to see how successful he was. In the movie the opening titles appear over panels from a lurid horror comic created as a prop just for the film and are illustrated by actual EC artist Jack Kamen. Kamen was hired to insure the authentic feel for the movie but it is Bernie Wrightson's real world version created for sale in comic and bookstores that seems infinitely more authentic and true. Wrightson was at the top of his career when Creepshow came out. That same year Wes Craven's *Swamp Thing* movie also released with Wrightson getting writing credit.

Creepshow is a fitting tribute to Bernie Wrightson as he retires from comics, and a reminder of how influential he was as an illustrator and artist.

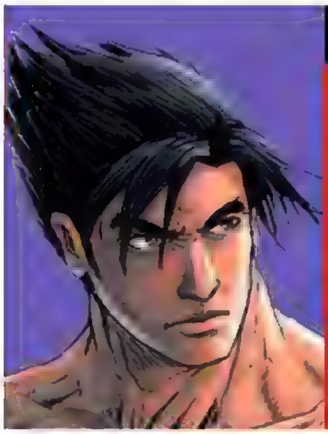
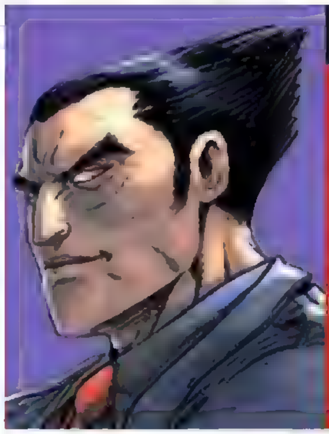
THE CONTENDERS!



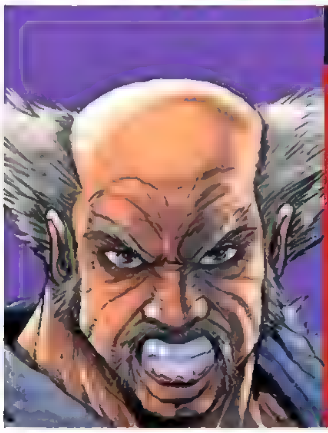
JIN KAZUMA

The son of Kazuya Mishima, Jin Kazuma is a true heroic warrior, with a past colored by betrayal and strife. Battling daily against the malevolent Devil Gene which threatens to overcome him, both his father and grandfather have previously tried to twist Jin's actions to their own nefarious purposes... to no avail.



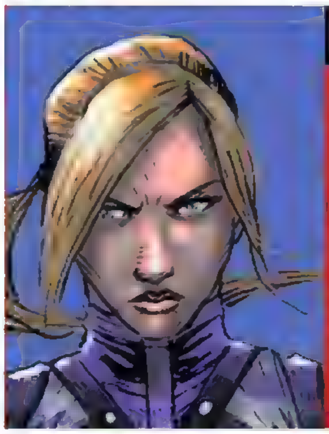
KAZUYA MISHIMA

Driven by a deep-seeded hatred of his father Heihachi, Kazuya is the current CEO of G Corporation: the direct rival of Mishima Zaibatsu. Corrupted by the demonic abnormality that runs through his bloodline, whatever goodness once resided in Kazuya is all but lost.



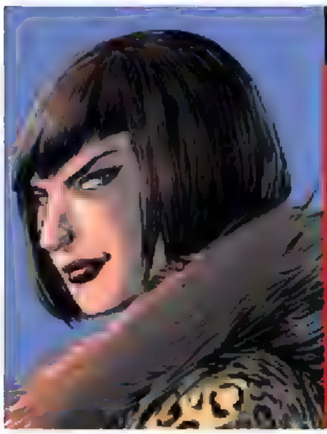
HEIHACHI MISHIMA

Founder of the Tekken Force Unit, the patriarch of the Mishima dynasty is an aggressive and cold-hearted business magnate, with a mind as sharp as his temper. Driven by his desire to reclaim the Mishima Zaibatsu conglomerate, Heihachi cares only for power, with little regard toward his family.



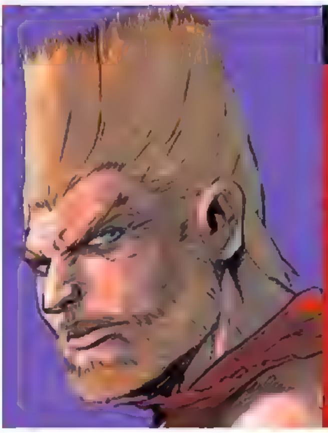
NINA WILLIAMS

With a lethal fighting style and an indifferent personality, Nina Williams is the classic cold-blooded assassin. Festering a deep-seeded resentment towards her sister Anna, who she blames for the death of their father, Nina recently found employ as Jin Kazuma's personal bodyguard.



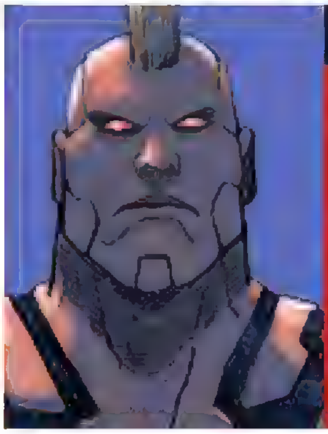
ANNA WILLIAMS

Adept in a variety of fighting techniques, Anna's flirtatious nature is in direct contrast to that of her sister, Nina, with whom she shares a bitter rivalry. Known for her signature high-heels and iconic silk dress, Anna recently joined forces with G Corporation, after hearing rumors of her sister's partnership with Mishima Zaibatsu.



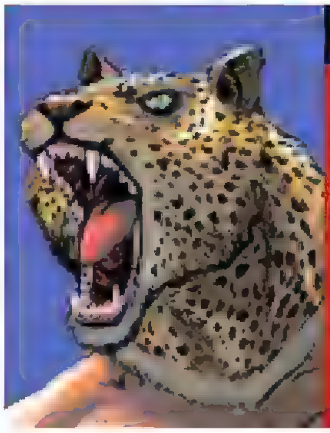
PAUL PHOENIX

With an ego almost as big as his bouffant, American bruiser Paul Phoenix might not be the sharpest tool in the box, but what he lacks in brains, he more than makes up in ferocity. A motorbike and Judo enthusiast, Paul's one and only goal is to prove his standing as the world's greatest fighter.



JACK -6

The latest upgrade in a line of military cyborgs originally developed by the Soviet Union. Created at the request of Kazuya Mishima in a bid to destroy the Mishima Zaibatsu, this latest upgrade has x10 the fighting power of its former model.



KING

Never seen without his iconic jaguar mask, King is a renowned luchadore and humanitarian. Hailing from Mexico, where he grew up brawling on the streets, King's chief goal is to raise funds for the impoverished children of the world and to avenge his fallen master, Armor King.

Blood Bowl is set in an alternate version of the *Warhammer* universe – one where brutal chaos and inter-species rivalries are settled on the football pitch, rather than the battlefield!

Originally released in 1986, a brand-new version of the board game was released in November 2016, and it is being supported with extensive releases of new supplements, teams, and expansions throughout 2017!

The game has also spawned two incredibly successful videogames from Cyanide Studios, with *Blood Bowl 2* still being regularly updated with new DLC teams! *Blood Bowl 2* is available on PC, Mac, PS4, and XBox One.

NINJAK & SHADOWMAN ENTER THE DEADSIDE...

FOR AN EPIC STANDALONE EVENT!

FROM NEW YORK TIMES BEST-SELLING WRITER

MATT KINDT

(X-O MANOWAR)

AND EXPLOSIVE ARTIST

CAFU

(RAI)

On a scarred landscape, two otherworldly armies prepare to battle one last time, vying for control of a massive tower named from an ancient language no longer permitted to be spoken.

One army is led by a primeval force named Babel, whose goal is singular: to breach "Heaven" no matter the cost. The only thing standing in his way is a gray-haired barbaric warrior, filled with rage and regret, a man who sees this battle as his last chance for redemption. But he knows his depleted forces have little chance of victory unless aid comes.

Enter Tama: A 12-year old girl on the crest of a hill overlooking the battle, who has just become humanity's only hope. The last in an ancient line of mystics who protect the Earth, she has foreseen this battle and knows millions will perish if she's unable to stop it. Now Tama and her ragtag team of malcontents - Ninjak, Shadowman and Punk Mambo - must somehow defeat an elder god hell bent on piercing the heavens.

This summer, New York Times best-selling writer Matt Kindt and artistic sensation CAFU lead a Tolkien-esque journey into the space between life and death...through the Deadside...and into the many worlds that lie beyond right here with a spellbinding and horrific standalone event!

Beatdown in the bayou!

At long last, Valiant's gallant adventurers have finally located Armstrong's long-missing wife…in that dreaded land that dare not speak its name: Florida! And, as if that wasn't enough, a nefarious new force is about to release an army of bathsalt-using "Florida Men" to finish off Archer & Armstrong once and for all!

It's a true story (not really) ripped from today's headlines (pretty much)! This is the first collection of shichigoro-shingo's digital paintings, encompassing both his personal and commercial works. shichigoro-shingo, an emerging young artist based in Tokyo, has already been gaining a reputation worldwide for his illustration work. In 2015, he attracted attention for eye-catching contributions to a TV commercial for Tokyo Mode Gakuen, a design school in Japan, and also held a solo exhibition in Russia. Characteristic of his paintings are distinctive combinations of textures — iron rust and skin, wire and black hair, bolts and fur. THE LINE OF BEAUTY: THE ART OF WENDY PINI HC

(W) Richard Pini, Wendy Pini (A/CA) Wendy Pini

The term "line of beauty" describes, in one sense, a certain way of arranging lines and shapes in a drawing or painting to suggest motion, dynamic balance and grace. But in a deeper sense it can also speak to the visionary spirit that drives the creation of a piece of artwork. Whatever that spirit is, Wendy Pini demonstrates that she has had it from the moment she was delivered into this world. This book provides a comprehensive look at rare material from Wendy's two *Beauty and the Beast* graphic novels, her *Galaxy* and *If* magazine covers and interior art, and preproduction art from the animated *The Lord of the Rings* film. It highlights ambitious projects such as *Masque of the Red Death* and *Law and Chaos*, includes exquisite art from the *Land of Myth* series of prints, and much more. (STL027610) (C: 0-1-1)

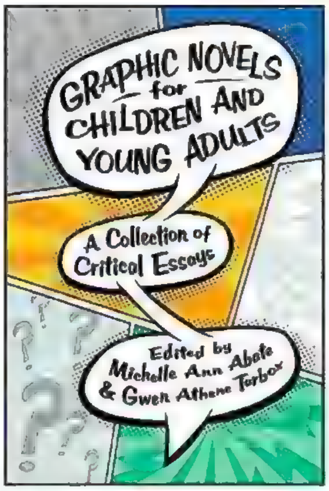

GRAPHIC NOVELS for CHILDREN AND YOUNG ADULTS
A Collection of Critical Essays
Edited by Michelle Ann Abate & Gwen Athene Tarbox

GRAPHIC NOVELS FOR CHILDREN AND YOUNG ADULTS HC

One of the most significant transformations in literature for children and young adults during the last twenty years has been the resurgence of comics. *Graphic Novels for Children and Young Adults* is the first book to offer a critical examination of children's and YA comics. The anthology is divided into five sections, structure and narration; transmedia; pedagogy; gender and sexuality; and identity, that reflect crucial issues and recurring topics in comics scholarship during the twenty-first century. The contributors are likewise drawn from a diverse array of disciplines — English, education, library science, and fine arts. (STL041749) (C: 0-1-0)

JAPANESE NOTEBOOKS: A JOURNEY TO THE EMPIRE OF SIGNS

(W/A/CA) Igort

With reflections on subjects from printmaking to Zen Buddhism, imperial history to the samurai code, Japanese film, literature, and manga, this is a richly rewarding book for anyone interested in Japan or comic arts practiced at the highest level. FANTASY

FANTASY FIGURE GALLERY: DARK ELF BY LUIS ROYO 1/4-SCALE STATUE

From Yamato USA. Lovingly caressed by the late fall moon that gently reflects upon the ebony feathers of her wings that tremble in agitation, she pauses; enshrouded in smoke and fog, one gauntleted hand resting heavily on the cross-guard of her sword, she gingerly and painfully touches her soft full lips from which blood runs freely from. With sharp pointed ears that twitch, she listens to the battle that rages around her. Despite being clad in the tattered remains of linen and leather and having one breast laid bare, her lithe and sensual body remains warmed by the heat of battle and feels neither the late autumn chill nor the damp kiss of the fog. No, the only kiss that she will feel this night will be that of her sword upon the humans that sought to enslave and attacked her tribe this eve … and what a terrible and dark kiss that will be! WARHAMMER 40K: AHRIMAN: THE OMNIBUS SC (NOVEL)

(W) John French

This omnibus collects all three novels in the *Ahriman* trilogy — *Exile, Sorcerer* and *Unchanged* — as well as eight additional short stories! The name Ahriman has lived in infamy ever since the galactic war of the Horus Heresy. The greatest sorcerer of the Thousand Sons, and protege to the primarch Magnus the Red, Ahriman's deepest flaw is hubris. His mistaken belief in casting the Rubric to cure his Legion of their curse has seen him exiled. Though spurned by his kin, Ahriman has not given up on his quest to restore his brothers from the fleshless husks they have become, and he will brave the worst horrors of the galaxy, and the Eye of Terror itself, to obtain the knowledge to achieve it. For to bring about salvation, Ahriman must risk his own further damnation and the wrath of his primarch. (STL042410) (C: 0-1-0)

WARHAMMER 40K: AZRAEL HC (NOVEL)

(W) Gav Thorpe

Supreme Grand Master Azrael of the Dark Angels is forced into an uneasy alliance with the eldar to keep his Chapter's secret past safely buried. The Dark Angels Chapter sprang from the First Legion of Space Marines to fight and die at the Emperor's side. But over ten thousand years, even the most staunchly loyal warriors of the Imperium can fall from grace, and the Dark Angels guard their own murky secrets most carefully — only Supreme Grand Master Azrael knows them all. A legend among Space Marines, he has fought for centuries and ever at the forefront of battle. Now, with the enigmatically alien eldar as his uneasy and unlikely allies, he must tread the fine line once more between the pursuit of victory, and keeping the Chapter's past safely buried... (STL042408) (C: 0-1-0)

Every 5,000 years, the accursed world of Acheron emerges from the warp. Drawn by its legend, three factions — Space Marines, Eldar and Orks — battle each other to possess the great weapon that is said to reside there. But when the weapon is finally revealed, a terrible threat rears its head. Can the three warring armies do whatever it takes to put aside their differences and defeat the ultimate evil? The first novel in the *Ravenor* trilogy, the follow-up to Dan Abnett's immensely popular *Eisenhorn* trilogy. When his body is hideously damaged in an enemy attack, it looks as though Inquisitor Gideon Ravenor's promising career would be abruptly brought short. Now, encased in a life support sytem that keeps him alive but forever cuts him off from the physical world, Ravenor utilises his formidable mental powers to continue his investigations and thwart the machinations of Chaos. Along with his retinue of warriors and assassins, Gideon Ravenor fights to protect an Imperium he can no longer see, hear or feel. (STL042403) (C: 0-1-0)

WARHAMMER 40K: THE CARRION THRONE HC (NOVEL)

(W) Chris Wraight

Inquisitor Erasmus and his acolyte Spinoza root out a shadowy conspiracy on Holy Terra itself, the capital world of the Imperium. In the hellish sprawl of Imperial Terra, Ordo Hereticus Inquisitor Erasmus serves as a stalwart and vigilant protector, for even the Throneworld is not immune to the predations of its enemies. In the course of his Emperor-sworn duty, Erasmus becomes embroiled in a dark conspiracy, one that leads all the way to the halls of the Imperial Palace. As he plunges deeper in the shadowy underbelly of the many palace districts, his investigation attracts the attention of hidden forces, and soon Erasmus and his acolyte Spinoza are being hunted - by heretics, xenos, servants of the Dark Powers, or perhaps even rival elements of the Inquisition itself. They eventually discover a terrible truth, one that if allowed to get out could undermine the very fabric of the Imperium itself. (STL042412) (C: 0-1-0)

WARHAMMER: THE BLACK RIFT SC (NOVEL)

(W) Josh Reynolds

A Stormhost of Sigmar's celestial warriors run a gauntlet of enemies in an attempt to close a dangerous rift that could drown an entire realm in daemons. In the Tephra Crater lies the city of Uryx, a once-proud bastion now overrun by the Bloodbound. Anhur the Scarlet Lord means to use the city to open a gateway to Khorne's own realm and drench all of Klaxus in blood. Only Sigmar's chosen stand in his way — the Warrior Chamber of Orius the Adamantine, one of many fighting a bitter war of liberation in this region. Their quest is a grim one: breach the walls and reach the heart of Uryx to prevent a ritual that will bring about death untold. The hopes of all Klaxus rest on Lord-Celestant Orius — his warriors are many, and heroes all, but to triumph he must defeat not only the forces of Chaos but the demons of his own past. New York City: The City That Never Sleeps... Things were supposed to be different in our modern 1930s. Shining skyscrapers and subway cars to lead us into a grand future. Sure. So, why was I in the same dingy office with a cheap desk and an even cheaper secretary, paid to track cheating spouses? I had no more time for introspection. I grabbed my hat and gun, slipped a flask into the pocket of my overcoat, and waded into the cesspool. There was a mystery to solve, and I had a deadline (and a hot dame) to meet! SOPHIE-CHAN
Artist

Tell us a little bit about yourself! What are you currently working on?
I'm a 26-year-old self-taught comic artist with an engineering background. I specialize in Japanese comics, "Manga". I have gained online popularity due to my YouTube channel, which is what motivated me to pursue this career.

Did you have a mentor or hero in the industry that inspired you to pursue a career in comics?
I was inspired by many creators, both Japanese and non-Japanese. Years ago, I was inspired by Mark Crilley to start my own YouTube Channel and have my own comic book. I was inspired by Hayao Miyazaki's films especially *Howl's Moving Castle*.

In your opinion, how has the comic book industry evolved in terms of gender?
I believe that to some extent, we are getting closer to gender equality than we have ever been in most fields. We are now seeing more female-led characters in movies and comics, as well as more female comic creators. It's great to allow this form of adversity to kick in the comic industry.

AMY CHU
Writer, Artist

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?
I started Alpha Girl Comics in 2011 to publish female-friendly comics content with my friend, SyFy writer Georgia Lee. Since then I've been published by DC, Marvel, Vertigo, Valiant, Dynamite. Last year I wrote Poison Ivy's first mini series, and two Wonder Woman stories. For Marvel *Ant-Man* and *Deadpool*. I really enjoy the short story format — it lets me work with new artists. I've had the privilege of working with Larry Hama, Alitha Martinez, Tana Ford, Bernard Chang, Ryan Browne, Mike McKone, Dario Brizuela, Clay and Seth Mann, Craig Yeung, Emilio Liaso. Right now it's Carlos Gomez on *Red Sonja*, and Kewber Baal and Eman Casallos on the *KISS* books.

In your opinion, how has the comic book industry evolved in terms of gender?
Everything has gotten more friendly and diverse just in the time I've been around, from retailers to publishers to conventions. I'd like to see more women creators getting into the comics game. Growing up as a girl in the Midwest, it wasn't something I even considered as a career. I hope that's changing.

LIVIA PASTORE
Comic Artist

Tell us a little bit about yourself! What are you currently working on?

Hi everyone! I'm principally working to the graphic novel *Keyser Soze: Scorched Earth* for Red 5 Comics, and I'm honored because it performs the prequel of one of the best thriller movie ever done. Meanwhile, I'm working on other little projects, one is an original script, and I hope it will see the light soon.

In your opinion, how has the comic book industry evolved in terms of gender?

I think this industry is trying in any way to involve girls. In part because girls are a big amount of readers, and in part because it's noticed that comics need a new point of view. Comics were risking to repeat in loop themselves, always using the same themes, and that's the reason why girls generally read only manga, because that kind of market is thought even for them. Fortunately, maybe in the wake of cinematographic industry, this is changing. Personally, I'm glad to say that I worked on a graphic novel thought expressly for girls, *Blades of Hope*, and this is exactly what we need: no boobs or sexy costumes, but strong and proud female characters with a purpose in their life. When they hired me for the book, they said to be happy that the artist was a girl, too, and I thought it's a proof that times change.

HOLLY GOLIGHTLY
Comics Creator

Tell us a little bit about yourself! What are you currently working on?

Hi, my name is Holly Golightly aka Holly G! I am VP of BroadSword Comics, Creator, and Publisher. Among many, many duties, I color, letter and do production for our bi-monthly comic, *Jim Balent's Tarot: Witch of the Black Rose*. We're on Issue #103! I'm also working on *Teen Tarot*, the back-up story that appears in our comic!

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

I've been working as an artist for about 24 years now. I started with indies, worked on Archie Comics titles like *Sabrina* and *Josie & The Pussycats*, and finally am happy running our own titles with my hubby Jim Balent from our BroadSword Comics Studios!

If you could give advice to any aspiring editors, executives, writers, or artists, what would you tell them?

CATHY MALKASIAN
Cartoonist

Tell us a little bit about yourself! What are you currently working on?
I worked in animation for a couple of decades as a director and storyboard artist. (By the way, comics and storyboards are two *very* different things, in case anybody was wondering!) Right now I'm working on another graphic novel.

In your opinion, how has the comic book industry evolved in terms of gender?
Without having a complete picture of the industry's evolution, I'll just say that nothing will truly evolve unless more women get published. Depictions of women will not change, styles of writing and drawing won't evolve until more women are in decision making roles, too. Diversity feeds creative evolution. Variation strengthens the whole. There are glimmers of hope here and there, but the big, muddy tide of mediocrity and "tradition" will always roll back if there's not enough to resist it.

If you could give advice to any aspiring editors, executives, writers, or artists, what would you tell them?
You can't afford to be insecure and hang back. Even if you're a raging introvert, when you get an opportunity, take it and learn as much as you can. And no matter how well prepared/schooled you think you are, most of your learning will be on the job. Enjoy that, and the people. Learn from everybody.

M. ALICE LEGROW
Comics Artist

Tell us a little bit about yourself! What are you currently working on?
I currently live in Philly, but I grew up overseas in Germany, before moving to the US in middle school. I have BFA in Sequential Art from Savannah College of Art and Design. Right now I'm currently working with Action Lab Comics on a new series called *Toyetica*, which is an all-ages monthly series debuting sometime in 2017.

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?
I've been working in sequential art for about 3 years now... my first and longest-running series was the 8-volume graphic novel series *Bizenghast*, which was published by Tokyopop. Since then, I've done a number of smaller anthology pieces and some self-published titles, and have recently started to work full-time on a series again with Action Lab.

In your opinion, how has the comic book industry evolved in terms of gender?
I think we're seeing a long overdue move towards marketing comics for all genders and trying to promote representation for a more diverse audience, but we still have a very long way to go. It takes a long time to shift the window of an industry that spent decades focusing on only a very narrow demographic.

CREEPSHOW GN

Recommended by Jim

Creepshow is an important and deceptively innovative graphic novel that holds a special place in my heart having grown up in suburban Maryland. Published in 1982, the same year Diamond Comics was founded in Baltimore, and illustrated by Baltimore native Bernie Wrightson (then spelled Berni), *Creepshow* was meta before meta was even a phrase. It is at once a real comic book and a fictitious comic within a movie plot. It is both a purely promotional movie tie-in to George Romero's film and an authentic homage to the horror genre and EC Comics.

You need only watch the film's open credits to compare with Bernie's work on the graphic novel to see how successful he was. In the movie the opening titles appear over panels from a lurid horror comic created as a prop just for the film and are illustrated by actual EC artist Jack Kamen. Kamen was hired to insure the authentic feel for the movie but it is Bernie Wrightson's real world version created for sale in comic and bookstores that seems infinitely more authentic and true. Wrightson, was at the top of his career when *Creepshow* came out. That same year Wes Craven's *Swamp Thing* movie also released with Wrightson getting writing credit.

DRAGON BALL SUPER VOLUME 1 GN

Recommended by Jonathan

Have you been wondering what Goku and the Z Warriors were up to since the last time we saw them? Well, my friends, the wait for new Dragon Ball is finally over. *Dragon Ball Super* is the continuation of Akira Toriyama's masterpiece, taking place a few years after the defeat of Kid Buu. The new storyline follows Goku as he meets the God of Destruction, Beerus, who is led to Earth in search of the Super Saiyan god. Beerus is capable of eliminating planets on a whim, and his presence on Earth does not bode well.

STARGATE UNIVERSE: BACK TO DESTINY #1

Recommended by Trevor

Stargate Universe had one of those abrupt, cliff-hanging, hair pulling, "how can you do this to me?" sort of series finales that leaves you hollow inside for a few days fighting the urge to eat your feelings while binge-watching some other show with "star" in the title. But no more, friends and neighbors, relief is in sight.

For the first time in comic form, the reluctant crew of *Destiny* will finish the television adventure that left millions of fans clamoring for more. With the ship preparing to cross a vast stretch of space and the crew bedding down in suspended animation for the long journey, Eli Wallace, the self-proclaimed "Math Boy" is left awake, trying to repair a damaged stasis pod. His misfortune leaves the fate of the ship and its crew in his hands as he faces off against a new threat even as they try to leave old ones behind them.

The exciting conclusion of the fan favorite sci-fi series that left us too early kicks off in *Stargate Universe: Back to Destiny* #1 with many more new adventures to come.

MINDBENDER

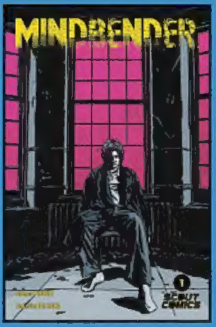
SCOUT COMICS



It's a sunny day at the local fair. There are balloons and rides and popcorn. A seven-year-old boy walks hand in hand with his mother and father. It's just an ordinary day until an ancient, unknown power awakens inside the boy, leveling the fair in a catastrophic explosion.

Now a grown man, Alex has been hospitalized in a catatonic state since that day sixteen years prior. He is the subject of study, curiosity, and interest from those who might use his power for their own ends. But like the power that has slept dormant in the human race until the day that ruined Alex's life, Alex himself cannot be taken advantage of or properly analyzed until he awakens.

When Alex finally opens his eyes and speaks his first words in nearly two decades, the result is beyond a mere destructive force. We see into a mind that has silently communed with this mysterious power, reaching to the outer edges of space and into the depths of human consciousness, expanding understanding and likely growing into madness.

From veteran writer, James Pruett, formerly of Caliber Comics and now manning the helm at Scout Comics, and artist Federico De Luca, *Mindbender* promises to live up to its name.

Blending elements of sci-fi and psychological thrillers into a tale that challenges expectation even as it defies our assumptions about the mental and physical costs of unlocking true superhuman abilities.
